

# WALK TO LIVE ARRIVE ALIVE

# PEDESTRIAN ROAD SAFETY TIPS

ARRIVE ALIVE

## Know the traffic laws, signs and signals.

### WHILE WALKING

- Hold the hand of young children
- Use designated walkways
- Walk facing traffic
- Do not congregate in groups on the main road
- Put away mobile phones and headphones
- Stay alert and look out for hazards

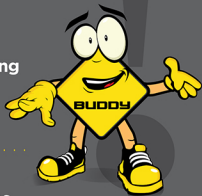

### CROSS SAFELY

- Look right, look left, and look right again
- Stay on the pavement until there is no traffic coming
- Always use pedestrian crossings and traffic lights
- Try to make eye contact with drivers
- Never cross behind vehicles

### AT NIGHT

- Wear white, bright, reflective or fluorescent clothes
- Carry a torchlight

## DID YOU KNOW?

If a vehicle travelling over 50 – 60 kph hits you, there is a 50% chance that you will die.  
If the vehicle is travelling over 80 kph, there is a 100% chance that you will die.

**DRIVERS:** Respect pedestrians and cyclists. They have a right to our roadways too.
